

ARCAM

ARCAM rBlink Bluetooth DAC

- **Audiophile Bluetooth Music Converter**
- **High quality music replay from mobile devices**
- **PCM 5102 24bit DAC**
- **Uses APT-X™ streaming technology**
- **Discreet size and styling**
- **High-end audio circuitry and components**
- **High Quality Cast Aluminium casework**

Streaming high quality music from your favourite mobile device is now easy with the rBlink Bluetooth** audio converter. Engineered by Arcam, and using the APT-X™* transmission system, the rBlink allows any Bluetooth equipped music device to quickly and easily send music straight to a HiFi system with stunning quality.

The rBlink uses a high-end PCM 5102 DAC to convert music to a line level output ready for connection to a whole host of audio systems. Installation is easy with a simple pairing system for new devices. Music is delivered by Arcam electronics so you can be sure of world-class sound quality too!
